Affinity (PICTURED)

Designed by Amigo and Amigo (Australia) **AD)**

Affinity is an immersive interactive light and sound installation inspired by the human brain. Each light globe represents a neuron and connection in the brain. When people touch the light globe, the colour changes. The more people who interact, the further their light travels throughout the sculpture.

Rose Garden

Designed by Mandylights (Australia) **AD)**

Rose Garden is a sprawling installation of up to 2,500 hand-made, individually colour-changing roses that are designed to progress through a series of dramatic animated states. Each rose features life-like leaves, a stalk and a beautiful silk head which is stunning to admire even during the daytime. As darkness falls, each rose bursts into life with dazzling colour.

The experience culminates in a stunning laser show that electrifies the clearing, synchronised with primal sounds that transport you to a time long past.

Obelisk Natura

WEDNESDAY 8 JAN HATCHERY LAWN

Flushed Away

7PM – 8.30PM | G | Dir. David Bowers, Sam Fell

After an ignoble landing in Ratopolis, a pampered rodent (Hugh Jackman) enlists the help of a sewer scavenger (Kate Winslet) in finding his way back to his posh London flat. Getting home is not the only problem, however; a rodent-hating toad (Ian McKellen) wants his notorious cousin, Le Frog (Jean Reno), to exterminate the pair.

Back to The Future

8.30PM – 10.15PM | PG | Dir. Robert Zemeckis

In this 1980s sci-fi classic, small-town California teen Marty McFly (Michael J. Fox) is thrown back into the '50s when an experiment by his eccentric scientist friend Doc Brown (Christopher Lloyd) goes awry. Travelling through time in a modified DeLorean car, Marty must make sure certain events occur, or he'll cease to exist. Then there's the issue of how to get back to his own timeline!

WEDNESDAY 15 DEC HATCHERY LAWN

Willy Wonka & The Chocolate Factory

6.30PM – 8.10PM | G | Dir. Mel Stuart

A sweet boy from a poor family dreams of finding one of five golden tickets hidden inside chocolate bar wrappers which will admit him to the eccentric and reclusive Willy Wonka's magical factory. One after another, tickets are discovered by ghastly children – but will the lad find the last remaining one and have all his dreams come true?

School of Rock

8.10PM – 10PM | PG13 | Dir. Richard Linklater

Down-and-out guitarist Dewey Finn (Jack Black), in desperate need of work, poses as a substitute music teacher at an elite private elementary school. As he gets his privileged and precocious charges channelling the rock gods he idolises and emulates, he imagines redemption at the local Battle of the Bands competition.

THURSDAY 23 JAN

HATCHERY LAWN

Rango

7PM – 8.50PM | PG | Dir. Gore Verbinski

A chameleon (Johnny Depp) leaves his life as a sheltered family pet and finds himself in an identity crisis, as a frontier town's new sheriff. Though at first only role-playing, a series of encounters forces him to learn how to stand out when it is his nature to blend in – becoming a real hero in the process.

Boy

8.50PM – 10.20PM | M | Dir. Taika Waititi

Boy is an 11-year old dreamer living in remote Waihou Bay in 1984, who loves Michael Jackson. Boy's other hero, his father Alamein, is the subject of Boy's fantasies – he imagines him as ahero (and a close relation of Michael Jackson's). In reality, Alamein is an inept wannabe gangster in jail for robbery. When Alamein returns after seven years away, Boy must confront the man he thought he remembered and make sense of his world.

ZERO WASTE

Zero Waste at FOL

We're working towards being a more sustainable festival. To help achieve this, visit the amazing volunteers at our illuminated Zero Waste stations around the park. Supported by NPDC, Sustainable Taranaki and Waste Management.

Check out the festival map for the location of these Zero Waste stations, which will be open every night of the festival.

Zero Waste Tips

1. Use the right bins.

Please visit our illuminated Zero Waste stations and find out which bin to use! These stations have bins for mixed recycling, compostable material, glass bottles and landfill waste.

2. Pack a reusable picnic.

When you're packing your picnic, include reusable containers, plates, cups and cutlery. Bring a container or bag to take all food scraps and any rubbish home with you. If you're picking up takeaways, head to a food business participating in the Bring It! campaign, who will pack your takeaways into your own clean container and may even give you a discount! See npdc.govt.nz/BringIt for the list of participating businesses.

3. Go digital.

We have everything you need on our revamped website! Instead of asking for paper copies of the brochure or map, check out festivaloflights.nz. We also have amazing wayfinders around the park with all the info you need. So why not find one and take a picture for reference?
